Dear Sir or Madam,

Over the last 5 years, I have had the good fortune of having Kelly Electric Ltd. as one of our electrical contractors at the John E. Brownlee building, and they have proven on more than one occasion to be one of our most trusted service providers. They have built a solid reputation based on professionalism, integrity and dependability. They can be counted on to respond to any and all emergencies without delays, and solve the most complex of issues. They have undertaken many projects, managing them efficiently and competently every time.

They are a pleasure to work and do business with, always bringing attention to detail where it counts. Kelly Electric Ltd. is an outstanding contractor with a staff that is second to none. I would recommend them without hesitation to any employers.

If you need any additional information, feel free to contact me.

Best Regards,
